

HURLEY MEDICAL CENTER
INSTITUTE FOR CONTINUING MEDICAL EDUCATION
CONFLICT OF INTEREST DECLARATION/FACULTY DISCLOSURE FORM

CME Activity & Date(s):

Stroke Care 2017

Name: Mohammad Al-Qasbi

Affiliation to CME Activity (check as many that apply):

☒ Speaker ☐ Moderator ☒ Planning Committee Member ☐ Medical Staff Education Committee

Hurley Medical Center's Institute for Continuing Medical Education endorses the Accreditation Council for Continuing Medical Education (ACCME) *Standards for Commercial Support (SCS)*. Faculty speaker(s), moderator(s), planning committee members, and Hurley Medical Center's Medical Staff Education Committee are required to disclose any, or no, relevant financial relationships or affiliations with a commercial interest.

A relevant financial relationship includes receiving {from a commercial interest} research grants, consultancies, honoraria and travel, or other benefits or having self-managed equity in a company, in any amount, occurring within the past 12 months that create a conflict of interest. (ACCME SCS2.1) The ACCME considers relationships of the person involved in the CME activity to include relevant financial relationships of a spouse or partner. (ACCME SCS2)

ACCME defines a commercial interest as: any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. (ACCME Accreditation Requirements and Descriptions, Updated June 2014, pg. 15.) A provider must disclose the above information to learners prior to the beginning of the educational activity. (ACCME SCS6.5) Individuals who refuse to disclose are disqualified from being a planning committee member, teacher, or author of CME, and cannot have control of, or responsibility for, the development, management, presentation or evaluation of a CME activity. (ACCME SCS2.2)

- **ACCME's Policy on Content Validation:** All the recommendations involving clinical medicine in a CME activity must be based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients. All scientific research referred to, reported or used in CME in support or justification of a patient care recommendation must conform to the generally accepted stands of experimental design, data collection and analysis. Providers are not eligible for ACCME accreditation or reaccreditation if they present activities that promote recommendations, treatment or manners of practicing medicine that are not within the definition of CME, or known to have risks or dangers that outweigh the benefits or known to be ineffective in the treatment of patients.

In regard to this requirement:

- ☐ I do not have a relevant financial relationship with a commercial interest. (If presenting, I will include a disclosure slide immediately following my title slide informing the learners that no relevant financial relationship exists.)
- ☒ I have a relevant financial relationship with the following commercial interest(s), whose product(s) and/or service(s) I will not refer to in my presentation(s). I will provide my presentation at least TWO WEEKS prior to the activity date to resolve any conflict and include a disclosure slide immediately following my title slide.
- ☐ I have a relevant financial relationship with the following commercial interest(s), whose product(s) and/or service(s) I will refer to in my presentation(s). I will provide my presentation at least TWO WEEKS prior to the activity date to resolve any conflict and include a disclosure slide immediately following my title slide.

Type of Relevant Financial Relationship	Name of Commercial Interest(s)
Consultant	
Speaker's Bureau	1) TEVA 2) EMD Serono 3) Genentech (Multiple Sclerosis) 4) Genzyme
Grant/Research Support	
Stock Shareholder	
Other: (must specify)

RESOLUTION**CME Activity & Date: Stroke Care, 12/7/17, Dr. Mohammed AlQasmi**

If a conflict(s) of interest is present, the person overseeing CME content completes this section. To assure independence and balance of content, current conflicts of interest were resolved by the following process:

Date	Determination/Recommendation
11/29/17	<p>Review of presentation by CME Director or Coordinator determined the following:</p> <p>Conflict listed on Faculty Disclosure form, Disclosure slide worded incorrectly.</p> <p>Signature: </p>
11/30/17	<p>Review of presentation by MSEC member determined the following:</p> <p>Dr. Taylor asked the disclosure slide list the pharmaceutical companies and remove the "I do not have a relevant financial relationship with a commercial interest related to this talk".</p> <p>Signature: </p>
12/4/17	<p>Review of presentation by CME Chairperson determined the following:</p> <p>CME Chair cannot review, due to his relevant relationship with Sanofi (Sanofi/Genzyme) which Dr. AlQasmi has a relevant relationship with. Therefore, Dr. E Saeed reviewed and determined the following:</p> <p>No commercial bias, but presentation longer than he'd like and asked for it to be condensed, e.g. skip the history, keep one or two things.</p> <p>Signature: </p>
	<p>Conflict Resolved by: </p> <p>See above as it was relayed to Dr. AlQasmi and he complied.</p>

**ACCME – Identify and Resolving Conflicts of Interest in CME:
(Revised June 2007, Page 5 of 7)**

Actions that do not, in themselves, demonstrate that the provider has engaged in a process to resolve conflicts of interest prior to the activity:

Formal CME activities are now being held to a higher standard than simple disclosure in assuring independence from commercial influences. ACCME will not accept simple disclosures ...or disclaimers, on their own, as a mechanism to resolve conflict of interest.
